

Muhlenberg opens doors: discover and achieve your greatest potential

Muhlenberg College

opens doors to new ideas, discoveries, friendships and opportunities, creating powerful outcomes for graduates. It's who we are and what we do. Muhlenberg offers both traditional majors and an array of preprofessional programs not seen at other top-tier liberal arts institutions. Muhlenberg's integrated academic program means students don't have to choose between theory and practice or ideas and their application. Our wide-ranging curriculum features 38 majors and 35 minors across the arts, humanities, sciences and social sciences, as well as programs in accounting, business, education, entrepreneurship, finance, public health and premedicine,

prehealth and prelaw.

Muhlenberg's exceptional curriculum is driven by professors known for their commitment as teachers. Our faculty—experts in their fields—love teaching, challenging students with bold ideas and bringing their scholarly expertise in today's most pressing matters to the classroom. With a 10:1 student-faculty ratio, you'll collaborate with faculty who care about your success on projects with real impact.

Outside of class, students find countless opportunities for learning, enrichment and connection that expand the intellectual core of a Muhlenberg education. The College offers more than 160 study abroad options, with more than half of our students

studying abroad before graduation. Muhlenberg has 22 Division III sports teams and 20 intramural and club sports, more than 115 student clubs and organizations and abundant leadership opportunities.

The Muhlenberg Career Center helps students and graduates benefit from this rewarding learning experience through internship and job placement programs. Our graduates go on to excel in fields of every kind, building great careers, serving and shaping their communities and enjoying lives of fulfillment and discovery. Muhlenberg graduates pursue advanced degrees at leading medical, dental, law and graduate schools, and many of those who start their careers

immediately upon graduation do so with America's best-known corporations, banks, schools and not-for-profit organizations.

A diverse student body of approximately 2,200 students typically represents about 35 states and more than 20 countries. The Muhlenberg experience has produced notable alumni, including Henry David Abraham, co-recipient of the Nobel Peace Prize; Sam Calagione, founder of Dogfish Head, one of the nation's top craft breweries; Lois Curfman McInnes, applied mathematician and senior computational scientist at Argonne National Laboratory; David Fricke, senior editor of Rolling Stone; and Lauren Anderson, a geopolitical and international security expert.

JOIN US!

Fall Open House

SATURDAY,
OCTOBER 19, 2019

Muhlenberg

Spend a Saturday at Muhlenberg during our Fall Open House for high school students.

Learn how Muhlenberg College can open doors to a lifetime of opportunity. Talk with professors and students, explore your academic interests, learn more about campus life, get helpful info about need-based aid and scholarships, tour our campus and enjoy lunch on us.

Plan to arrive on campus between 8:30-9:30 a.m. While the program officially begins at 10 a.m., we invite you to an optional financial aid workshop at 8:45 a.m. The day ends at approximately 2:30 p.m.

If you're unable to join us, check out other visit options at muhlenberg.edu/visit
